EXPERIENCE

PEASE BORST & ASSOCIATES, LLC

PRESIDENT – February, 2001 to Present

CHARLES E. PEASE ASSOCIATES

June, 1984 to January, 2001

Mr. Borst has over 27 years of experience in the structural design of a wide range of buildings, with equally varied structural systems utilizing all of the common building construction materials. The continued application of the knowledge gained over those many years has translated into quite an impressive resume of successful additions and new construction projects. That same level of success has been present on the business side as well, and as a result, has propelled Mr. Borst to the top of his field.

In his current capacity as President of Pease Borst & Associates, LLC, Mr. Borst is actively involved in every project. He remains committed to a “hands on” approach to management, which allows his past experience to help influence the direction of each building design. Some of those more recent projects include:
